

30<sup>th</sup> March 2023

Dear Parents & Carers,

### **Year 9 Spring Tracking**

You will shortly receive access to the tracking for Year 9 via the Arbor app. This will be found under the "Report Card" section under Student Profile. The report will consist of the following:

**Curriculum statements** are provided per subject.

These will provide information on how well a student has understood the current schemes of work in each subject. The grades are listed as Mastered, Secure, Developing, Emerging and Under Emerging.

### **Attitude to Learning**

Grades for classwork, behaviour and home learning will be graded as before with E – Excellent, G – Good, R – Requires improvement and U – Unacceptable.

### **Behaviour points**

This is an aggregated score consisting of the positive points combined with the negative points received.

### **Lates**

This is the number of times this term a student has been late to either AM registration or PM registration (this does not include lates to individual lessons although this is available on request).

Please note that students in the DT classes listed below will not have any data in that subject. This is due to sudden changes in staffing. I apologise for the inconvenience this causes.

- 9M
- 9R
- 9N
- 9W

Please feel free to contact me if you have any queries regarding this tracking.

Kindest regards,

Mr Tucker

Assistant Headteacher
