

17th March 2023

Dear Parents & Carers

Year 11 Student Intervention Evening

We would like to invite all parents and carers of Year 11 students to attend a short meeting on Tuesday 28th March. The purpose of this meeting is to share with you the outline of the techniques your child has been developing and the resources that have been shared with them, so that you are better able to support and where needed challenge your child, in support of their independent learning.

We believe that the extent to which your child is able to successfully implement a sustained programme of independent learning (revision at home), will be critical to their successful outcomes in the summer. We hope that by attending this meeting you will be more confident in the support you are able to provide them.

For now, we would simply like you to add the date to your diary and we will communicate again closer to the evening, with further details. The evening will consist of a number of different workshops/presentations. On completion of the marking of your child's mock exams, we will determine which session best matches their needs.

This event has received very positive feedback from parents and carers that have attended in recent years. Further to this, there has been a considerable improvement in the outcomes for students that have attended and responded to the advice, guidance and support provided when compared to those that did not attend.

We look forward to seeing you on the 28th March.

Yours sincerely

Mr M Tucker

Assistant Headteacher
